Pennies in the Fusebox Jul 26 2022 A road map to madness...poetry...prose...stage play...novel...a story about the residents of Glinkyville and what it means to be "crazy", written by a fifth rate pamphleteer...this certainly is not literature, more a death knell to culture...no chronicler of normalcy, we find our misanthropic author an eavesdropper, if not full participant, in a sullied world of chemical dependents and suicidals...truly, a bent poet of the muck...the worst of Tijuana Bibles...the anti-novel nobody has been waiting for...no opus-just pus...a blind visionary...as crazy a

read as those crazies who read crazy books...careful where you step, you'll never get it off of the bottom of your shoes...
