Torch May 28 2022 In her debut novel, the bestselling author of *Wild* weaves a searing and luminous tale of a family's grief after unexpected loss. "Work hard. Do good. Be incredible!" is the advice Teresa Rae Wood shares with the listeners of her local radio show, *Modern Pioneers*, and the advice she strives to live by every day. She has fled a bad marriage and rebuilt a life with her children, Claire and Joshua, and their caring stepfather, Bruce. Their love for each other binds them as a family through the daily struggles of making ends meet. But when they received unexpected news that Teresa, only 38, is dying of cancer, their lives all begin to unravel and drift apart. Strayed's intimate portraits of these fully human characters in a time of crisis show the varying truths of grief, forgiveness, and the beautiful terrors of learning how to keep living.

The Lost Gutenberg Feb 22 2022 "A lively tale of historical innovation, the thrill of the bibliophile's hunt, greed and betrayal." - The New York Times Book Review "An addictive and engaging look at the 'competitive, catty and slightly angst-ridden' heart of the world of book collecting." - The Houston Chronicle The never-before-told story of one extremely rare copy of the Gutenberg Bible, and its impact on the lives of the fanatical few who were lucky enough to own it. For rare-book collectors, an original copy of the Gutenberg Bible--of which there are fewer than 50 in existence--represents the ultimate prize. Here, Margaret Leslie Davis recounts five centuries in the life of one copy, from its creation by Johannes Gutenberg, through the hands of monks, an earl, the Worcestershire sauce king, and a nuclear physicist to its ultimate resting place, in a steel vault in Tokyo. Estelle Doheny, the first woman collector to add the book to her library and its last private owner, tipped the Bible onto a trajectory that forever changed our understanding of the first mechanically printed book. *The Lost Gutenberg* draws readers into this incredible saga, immersing them in the lust for beauty, prestige, and knowledge that this rarest of books sparked in its owners. Exploring books as objects of obsession across centuries, this is a must-read for history buffs, book collectors, seekers of hidden treasures, and anyone who has ever craved a remarkable book--and its untold stories.

Lost in America Jul 06 2020 A writer renowned for his insight into the mysteries of the body now gives us a lambent and profoundly moving book about the mysteries of family. At its center lies Sherwin Nuland's Rembrandtesque portrait of his father, Meyer Nudelman, a Jewish garment worker who came to America in the early years of the last century but remained an eternal outsider. Awkward in speech and movement, broken by the premature deaths of a wife and child, Meyer ruled his youngest son with a regime of rage, dependency, and helpless love that outlasted his death. In evoking their relationship, Nuland also summons up the warmth and claustrophobia of a vanished immigrant New York, a world that impelled its children toward success yet made

them feel like traitors for leaving it behind. Full of feeling and unwavering observation, *Lost in America* deserves a place alongside such classics as *Patrimony* and *Call It Sleep*.

Because of Ms. Hecht's personal relationship with them, she is able to portray their story in a way that most famous reporters and authors cannot. In addition to her extensive research of the political and historical events surrounding this long lasting civil war, are the heart-rending personal stories of the boys themselves.

Lands of Lost Borders Jan 30 2020 "Lands of Lost Borders carried me up into a state of openness and excitement I haven't felt for years. It's a modern classic."—Pico Iyer A brilliant, fierce writer, and winner of the 2019 RBC Taylor Prize, makes her debut with this enthralling travelogue and memoir of her journey by bicycle along the Silk Road—an illuminating and thought-provoking fusion of *The Places in Between*, *Lab Girl*, and *Wild* that dares us to challenge the limits we place on ourselves and the natural world. As a teenager, Kate Harris realized that the career she craved—to be an explorer, equal parts swashbuckler and metaphysician—had gone extinct. From what she could tell of the world from small-town Ontario, the likes of Marco Polo and Magellan had mapped the whole earth; there was nothing left to be discovered. Looking beyond this planet, she decided to become a scientist and go to Mars. In between studying at Oxford and MIT, Harris set off by bicycle down the fabled Silk Road with her childhood friend Mel. Pedaling mile upon mile in some of the remotest places on earth, she realized that an explorer, in any day and age, is the kind of person who refuses to live between the lines. Forget charting maps, naming peaks: what she yearned for was the feeling of soaring completely out of bounds. The farther she traveled, the closer she came to a world as wild as she felt within. *Lands of Lost Borders*, winner of the 2018 Banff Adventure Travel Award and a 2018 Nautilus Award, is the chronicle of Harris's odyssey and an exploration of the importance of breaking the boundaries we set ourselves; an examination of the stories borders tell, and the restrictions they place on nature and humanity; and a meditation on the existential need to explore—the essential longing to discover what in the universe we are doing here. Like Rebecca Solnit and Pico Iyer, Kate Harris offers a travel account at once exuberant and reflective, wry and rapturous. *Lands of Lost Borders* explores the nature of limits and the wildness of the self that can never fully be mapped. Weaving adventure and philosophy with the history of science and exploration, *Lands of Lost Borders* celebrates our connection as humans to the natural world, and ultimately to each other—a belonging that transcends any fences or stories that may divide us.

Eldad's Travels: A Journey from the Lost Tribes to the Present Sep 07 2020 In the latter years of the ninth century, a mysterious figure arrived in the North African Jewish community of Kairouan. The visitor, Eldad of the tribe of Dan, claimed to have arrived from the kingdom of the Israelite tribes whose whereabouts had been lost for over a millennium and a half. Communicating solely in Hebrew, the sojourner's vocabulary contained many words that were unfamiliar to his hosts. This enigmatic traveler not only baffled and riveted the local Jewish community but has continued to grip audiences and influence lives into the present era. This book takes stock of the long journey that both Eldad and his writings have made through Jewish and Christian imaginations from the moment he stepped foot in North Africa to the turn of the new millennium. Each of its chapters assays a major leg of this voyage, offering an in-depth look at the original source material and shedding light on the origins and later reception of this elusive character.

Journey to the Lost Temple Jun 28 2022 *Go Find* Jul 18 2021 Somewhere between hunting for gold in Latin America as a geologist and getting married to a new husband, thirty-three-year-old Susan Purvis loses her way. Susan comes to believe that a puppy and working on ski patrol at the last great ski town in Colorado will improve her life. When she learns about avalanches that bury people without warning, she challenges herself: What if I teach a dog to save lives? This quest propels her to train the best possible search dog, vowing to never leave anyone behind. With no clue how to care for a houseplant, let alone a dog, she chooses a five-week-old Labrador retriever, Tasha. With the face of a baby bear and the temperament of an NFL linebacker, Tasha constantly tests Susan's determination to transform her into a rescue dog. Susan and Tasha jockey for alpha position as they pursue certification in avalanche, water, and wilderness recovery. Susan eventually learns to truly communicate with Tasha by seeing the world through her dog's nose. As the first female team in a male-dominated search-and-rescue community, they face resistance at every turn. They won't get paid even a bag of kibble for their efforts, yet they launch dozens of missions to rescue the missing or recover the remains of victims of nature and crime.

Training with Tasha in the field to find, recover, and rescue the lost became Susan's passion. But it was also her circumstance—she was in many ways as lost as anyone she ever pulled out of an avalanche or found huddled in the woods. Lostness doesn't only apply to losing the trail. People can get lost in a relationship, a business, or a life. Susan was convinced that only happened to other people, until Tasha and a life in the mountains taught her otherwise.

Into the Wild Apr 14 2021 Krakauer's page-turning bestseller explores a famed missing person mystery while unraveling the larger riddles it holds: the profound pull of the

American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. "Terrifying... Eloquent... A heart-rending drama of human yearning." —New York Times In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the unforgettable story of *Into the Wild*. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding—and not an ounce of sentimentality. Mesmerizing, heartbreaking, *Into the Wild* is a tour de force. The power and luminosity of Jon Krakauer's storytelling blaze through every page.

Lands of Lost Borders Aug 19 2021 NATIONAL BESTSELLER WINNER OF THE RBC TAYLOR PRIZE WINNER OF THE EDNA STAEBLER AWARD FOR CREATIVE NON-FICTION "Every day on a bike trip is like the one before—but it is also completely different, or perhaps you are different, woken up in new ways by the mile." As a teenager, Kate Harris realized that the career she most craved—that of a generalist explorer, equal parts swashbuckler and philosopher—had gone extinct. From her small-town home in Ontario, it seemed as if Marco Polo, Magellan and their like had long ago mapped the whole earth. So she vowed to become a scientist and go to Mars. To pass the time before she could launch into outer space, Kate set off by bicycle down a short section of the fabled Silk Road with her childhood friend Mel Yule, then settled down to study at Oxford and MIT. Eventually the truth dawned on her: an explorer, in any day and age, is by definition the kind of person who refuses to live between the lines. And Harris had soared most fully out of bounds right here on Earth, travelling a bygone trading route on her bicycle. So she

quit the laboratory and hit the Silk Road again with Mel, this time determined to bike it from the beginning to end. Like Rebecca Solnit and Pico Iyer before her, Kate Harris offers a travel narrative at once exuberant and meditative, wry and rapturous. Weaving adventure and deep reflection with the history of science and exploration, *Lands of Lost Borders* explores the nature of limits and the wildness of a world that, like the self and like the stars, can never be fully mapped.

Lost Children Archive Mar 14 2021 NEW YORK TIMES 10 BEST BOOKS OF THE YEAR • "An epic road trip [that also] captures the unruly intimacies of marriage and parenthood ... This is a novel that daylights our common humanity, and challenges us to reconcile our differences." —The Washington Post In Valeria Luiselli's fiercely imaginative follow-up to the American Book Award-winning *Tell Me How It Ends*, an artist couple set out with their two children on a road trip from New York to Arizona in the heat of summer. As the family travels west, the bonds between them begin to fray: a fracture is growing between the parents, one the children can almost feel beneath their feet. Through ephemera such as songs, maps and a Polaroid camera, the children try to make sense of both their family's crisis and the larger one engulfing the news: the stories of thousands of kids trying to cross the southwestern border into the United States but getting detained—or lost in the desert along the way. A breath-taking feat of literary virtuosity, *Lost Children Archive* is timely, compassionate, subtly hilarious, and formally inventive—a powerful, urgent story about what it is to be human in an inhuman world.

Lost in America Jan 04 2023 "Nothingless than the soul of an extremely interesting human being at war on our behalf." —Kurt Vonnegut Astunning portrait of modern America by Colby Buzzell, the critically acclaimed author of *My War: Killing Time in Iraq*. Recounting his five-month journey through the country, from its thriving coastlines to its rust-belt wrecks, Buzzell reveals a paradoxical landscape of American dreams both achieved and broken, manifest destinies claimed and refuted, and community ties pulled apart and patched together. In the tradition of John Steinbeck's *Travels with Charley*, Buzzell's *Lost in America* uncovers the stark realities of our national character even as it explores the deepest questions of identity, unity, and fatherhood.

Shadowlands: A Journey Through Britain's Lost Cities and Vanished Villages May 16 2021 One of Literary Hub's Most Anticipated Books of 2022 A "brilliant London historian" (BBC Radio) tells the story of Britain as never before—through its abandoned villages and towns. Drowned. Buried by sand. Decimated by plague. Plunged off a cliff. This is the extraordinary tale of Britain's eerie and remarkable ghost towns and villages; shadowlands that once hummed with life. Peering through the cracks of history, we find Dunwich, a medieval city plunged off a cliff by sea storms; the abandoned village of Wharram Percy, wiped out by the Black Death; the lost city of Trellech unearthed by moles in 2002; and a Norfolk village zombified by the military and turned into a Nazi, Soviet, and Afghan village for training. Matthew Green, a British

historian and broadcaster, tells the astonishing tales of the rise and demise of these places, animating the people who lived, worked, dreamed, and died there. Traveling across Britain to explore their haunting and often-beautiful remains, Green transports the reader to these lost towns and cities as they teeter on the brink of oblivion, vividly capturing the sounds of the sea clawing away row upon row of houses, the taste of medieval wine, or the sights of puffin hunting on the tallest cliffs in the country. We experience them in their prime, look on at their destruction, and revisit their lingering remains as they are mourned by evictees and reimagined by artists, writers, and mavericks. A stunning and original excavation of Britain's untold history, *Shadowlands* gives us a truer sense of the progress and ravages of time, in a moment when many of our own settlements are threatened as never before.

The Book of Lost Friends Jun 04 2020 NEW YORK TIMES BESTSELLER • From the bestselling author of *Before We Were Yours* comes a dramatic historical novel of three young women searching for family amid the destruction of the post-Civil War South, and of a modern-day teacher who learns of their story and its vital connection to her students' lives. "An absorbing historical . . . enthralling."—Library Journal Bestselling author Lisa Wingate brings to life startling stories from actual "Lost Friends" advertisements that appeared in Southern newspapers after the Civil War, as newly freed slaves desperately searched for loved ones who had been sold away. Louisiana, 1875: In the tumultuous era of Reconstruction, three young women set off as unwilling companions on a perilous quest: Hannie, a freed slave; Lavinia, the pampered heir to a now destitute plantation; and Juneau Jane, Lavinia's Creole half sister. Each carries private wounds and powerful secrets as they head for Texas, following roads rife with vigilantes and soldiers still fighting a war lost a decade before. For Lavinia and Juneau Jane, the journey is one of stolen inheritance and financial desperation, but for Hannie, torn from her mother and siblings before slavery's end, the pilgrimage west reignites an agonizing question: Could her long-lost family still be out there? Beyond the swamps lie the limitless frontiers of Texas and, improbably, hope. Louisiana, 1987: For first-year teacher Benedetta Silva, a subsidized job at a poor rural school seems like the ticket to canceling her hefty student debt—until she lands in a tiny, out-of-step Mississippi River town. Augustine, Louisiana, is suspicious of new ideas and new people, and Benny can scarcely comprehend the lives of her poverty-stricken students. But amid the gnarled live oaks and run-down plantation homes lie the

century-old history of three young women, a long-ago journey, and a hidden book that could change everything.

The Lost Book of Mormon Feb 05 2023 Is the Book of Mormon the Great American Novel? Decades before Melville and Twain composed their great works, a farmhand and child seer named Joseph Smith unearthed a long-buried book from a haunted hill in western New York State that told of an epic history of ancient America, a story about a family that fled biblical Jerusalem and took a boat to the New World. Using his prophetic gift, Joseph translated the mysterious book into English and published it under the title *The Book of Mormon*. The book caused an immediate sensation, sparking anger and violence, boycotts and jealousy, curiosity and wonder, and launched Joseph on a wild, decades-long adventure across the American West. Today *The Book of Mormon*, one of the most widely circulating works of American literature, continues to cause controversy—which is why most of us know very little about the story it tells. Avi Steinberg wants to change that. A fascinated nonbeliever, Steinberg spent a year and a half on a personal quest, traveling the path laid out by Joseph's epic. Starting in Jerusalem, where *The Book of Mormon* opens with a bloody murder, Steinberg continued to the ruined Maya cities of Central America—the setting for most of the *The Book of Mormon's* ancient story—where he gallivanted with a boisterous bus tour of believers exploring Maya archaeological sites for evidence. From there the journey took him to upstate New York, where he participated in the true *Book of Mormon* musical, the annual Hill Cumorah Pageant. And finally Steinberg arrived at the center of the American continent, Jackson County, Missouri, the spot Smith identified as none other than the site of the Garden of Eden. Threaded through this quirky travelogue is an argument for taking *The Book of Mormon* seriously as a work of American imagination. Literate and funny, personal and provocative, the genre-bending *The Lost Book of Mormon* boldly explores our deeply human impulse to write bibles and discovers the abiding power of story.
