Mastering Etsy Aug 20 2021 Etsy is an online retail community just like eBay only that it focuses on vintage or handcrafted commodities. Most of the goods sold there are in the jewelry, arts, crafts, housewares, artisan candies, baked goods, or paper-goods categories. For an item to qualify as vintage it has to be at least 20 years old and can be anything from photos, costumes, housewares, jewelry, and clothing. Etsy provides a great avenue for you to sell your homemade goods—but that ' s not all. You can find a limitless number of items on Etsy that will help your home business. For instance, if you use The Happy Planner, Filofax, or Erin Condren to schedule and organize your life or business, there are downloadable stickers and inserts that you can buy and use in your planner. If you need promotional items that have your logo on them; there are a good number of Etsy sellers that can make custom swag for you. They will not only make coffee cups and pens, but also cosmetics, jewelry, bookmarks, and pretty much everything with your logo and name on them. For a very long time, a majority of artisans and craftsman sold their commodities at open markets, fairs, and on consignment.

Do not try and copy another person's shop that might that you are a copy cat and immediately lose interest. Customers Can be quit Judgemental. Do a memory test on Etsy and see which names grab your attention. Check if your name is already taken by doing a quick google search. Also do not forget to check out facebook, twitter, and other popular social networking sites. Be Careful not to take trademarked names. Step 2: What to Sell on Etsy. You want to base your business model on honesty and integrity. You should never sacrifice these two qualities for growth. They will only lead to problems in the future. This means that you should never try to sell prohibited items or try to resell items. Make sure that you have quality items that customers can leave 5 star reviews on. If many people leave 1 or 2 star reviews it is time to

evaluate your products or improve them. Make sure it doesn't break during shipping and is durable. Step 3: Creating Tags: Creating tags is very important when trying to sell your items on Etsy. For example, if you have an amazing product but no one can find it, then you will not make any money. In Etsy, you are allowed to use fourteen tags, make sure you use all fourteen tags and make sure they are different. This way you have a greater chance of people finding your items. Step 3: Creating Titles and Descriptions: Titles and descriptions is going to be the honey that will draw your customers in. You want to pique the interest of a potential buyer, and you do that by having a good title. For your description you want to keep it short and sweet. You do not want to leave your customers bored. Step 5: Adding Photos: You might have heard the saying a picture is worth a thousand words. Well on Etsy a picture might as well be worth a million words. Showing your customer a photo will let them know how it really looks like. But you don't want to just a random picture. No no no, that won't do at all. Step 6 Promoting your shop: If you want to build a money making machine on Etsy you will have to promote your products. Step 7: Making your Business Grow. Remember this key rule, either your business is growing or it is dying. There is no inbetween. Do not let your competitors Catch up, Scroll up and Download to Learn the Principles behind a Success Etsy Business Today!
