Beginner's Guide to Ancient Earth Mysteries: Is humanity the first creation of intelligent beings? Do similar human-type species exist throughout the cosmos? If so, have those species mastered technologies only to self-destruct in an unfortunate series of events? The Universe is unbelievably enormous, this is undisputed. It's extremely selfish to think we are the only existing intelligent life. Science and religion are on the verge of discovering the truth. Super ancient societies and their archaeological evidence uncovered to this day is a vault of stored information waiting to be unlocked. All we need to do is find the key. Help us uncover the truth by learning about Ancient Earth Mysteries. Translated by Robin Alexander No one has written about the Sun like this! It is neither scientific in the usual sense, nor religious from an establishment view. Georg Blattmann integrates these disciplines in a form that may annoy, stimulate, anger, or cause wonder in the reader. Beginning with simple observations of the Sun and our own feelings for its life-giving power, the author examines its corona, temperature, and surface to arrive at startling conclusions about the inside of the Sun. He shows it as something "completely different." Using projective geometry, he provides a basis for a mathematical and physical understanding of the Sun. This enables us without too much difficulty to enter the spiritual realities connected with the Sun. And, using examples from the history of art, from astrophysics, and from the Gospels of the Bible, Blattmann shows the hidden connection between the Sun and the Christ. A richly illustrated history of antiquity's secret religious rituals This is the first book to describe and explain all of the ancient world's major mystery cults--one of the most intriguing but least understood aspects of Greek and Roman religion. In the nocturnal Mysteries at Eleusis, participants dramatically re-enacted the story of Demeter's loss and recovery of her daughter Persephone; in the Bacchic cult, bands of women ran wild in the Greek countryside to honor Dionysus; and in the mysteries of Mithras, men came to understand the nature of the universe and their place within it through frightening initiation ceremonies and astrological teachings. These cults were an important part of life in the ancient Mediterranean world, but their actual practices were shrouded in secrecy, and many of their features have remained unclear until now. By richly illustrating the evidence from ancient art and archaeology, and drawing on enlightening new work in the anthropology and cognitive science of religion, *Mystery Cults of the Ancient World* allows readers to imagine as never before what it was like to take part in these ecstatic and life-changing religious rituals--and what they meant to those who participated in them. Stunning images of Greek painted pottery, Roman frescoes, inscribed gold tablets from Greek and South Italian tombs, and excavated remains of religious sanctuaries help show what participants in these initiatory cults actually did and experienced. A fresh and accessible introduction to a fascinating subject, this is a book that will interest general readers, as well as students and scholars of classics and religion. This book is a volume in the Penn Press Anniversary Collection. To mark its 125th anniversary in 2015, the University of Pennsylvania Press rereleased more than 1,100 titles from Penn Press's distinguished backlist from 1899-1999 that had fallen out of print. Spanning an entire century, the Anniversary Collection offers peer-reviewed scholarship in a wide range of subject areas. New York Times and USA Today Best Seller! Discover the amazing secret of the ages...and the mystery of your life! The Oracle will reveal the mystery behind everything...the past, the present, current events, even what is yet to come! Open the seven doors of revelation—and prepare to be blown away! Jonathan Cahn, author of the New York Times best sellers *The Harbinger*, *The Mystery of the Shemitah*, *The Book of Mysteries*, and *The Paradigm*, now unveils *The Oracle*, in which he opens up the Jubilean mysteries and a revelation so big that it lies behind everything from the rise and fall of nations and empires (even America), to the current events of our day, to the future, to end-time prophecy, and much more. Could an ancient prophecy and a mysterious ordinance given in a Middle Eastern desert over three thousand years ago be determining the events of our day? Could some of the most famous people of modern history and current events be secretly linked to this mystery—even a modern president of the United States? Could this ancient revelation pinpoint the events of our times down to the year, month, and day of their occurring? Could a mysterious phenomenon be manifesting on the world stage on an exact timetable determined from ancient times? Could these manifestations have altered—and now be altering—the course of world events? Jonathan Cahn takes the reader on a journey to find the man called the Oracle. One by one each of the Jubilean mysteries will be revealed through the giving of a vision. The Oracle will uncover the mysteries of *The Stranger*, *The Lost City*, *The Man With the Measuring Line*, *The Land of Seven Wells*, *The Birds*, *The Number of the End*, *The Man in the Black Robe*, *The Prophet's Song*, *The Matrix of Years*, *The Day of the Lions*, *The Awakening of the Dragon*, and much more. The revelation is so big that it will involve and open up the mysteries of everything and everyone from Mark Twain to Moses, from King Nebuchadnezzar to Donald Trump, from the fall of empires to the rise of America, from a mystery hidden in a desert cave to another in an ancient scroll, from the palace of the Persian Empire to the US Senate, from the Summer of Love to the Code of Babylon, and much, much more. Ultimately the Oracle will reveal the secret that lies behind end-time prophecy and the mystery of the end of the age. As with *The Harbinger* and *The Book of Mysteries*, Cahn reveals the mysteries through a narrative. A traveler is given seven keys; each will open up one of seven doors. This book situates Tarot in its ancient roots, with particular emphasis on the tradition of the Mystery Schools. The suites are designated as "Earth, Water, Air and Fire" rather than the conventional Pentacles, Cups, Swords and Wands. The first part of the book is a review of the ancient sources of Tarot and the dynamics of the archetypes, with interesting sidelights on the author's personal experiences in this realm. The reader is instructed by The Magician, The Priestess and The Hermit about the meanings and wisdom of Tarot, which he discovers to be a "Book of Truth." Are there really such things as subterranean worlds, lost civilizations, gods from the skies? This collection of eighteen stories probes some of the most ancient - and enduring - mysteries of our universe. For centuries, philosophers, scientists, and charlatans have attempted to decipher the baffling mysteries of our past, from Stonehenge to the lost continent of Atlantis. Today, however, DNA testing, radiocarbon dating, and other cutting-edge investigative tools, together with a healthy dose of common sense, are guiding us closer to the truth. Now historian Peter James and archaeologist Nick Thorpe tackle these age-old conundrums, presenting the latest information from the scientific community—and the most startling challenges to traditional explanations of mysteries such as:

- The rise and fall of the Maya
- A lost cache of Dead Sea Scrolls
- The curse of Tutankhamun
- The devastation of Sodom and Gomorrah
- The Nazca Lines and the Vinland Map
- The existence of Robin Hood

These true mystery stories twist and turn like a good whodunit, as James and Thorpe present the evidence for and against the expert theories, shedding new light on humankind's age-old struggle to make sense of the past. Ancient Mysteries will entertain and enlighten, delight the curious and inform the serious. Cutting-edge thinkers on the origins of civilization, the Giza pyramids, pre-Columbian and early America, and the power of human consciousness

- With contributions by David Frawley, Geoff Stray, Joscelyn Godwin, Daniel Pinchbeck, Antoine Giral, and others
- Topics range from the origins of the Inca to the architecture of the Giza plateau to unified theories of physics and consciousness
- Companion volume to Lost Knowledge of the Ancients

As we pull back the curtain from the European version of history, we discover the vast depth of knowledge of our ancient ancestors—knowledge that not only dispels our image of them as primitive peoples but also corresponds with the forefront of modern science, philosophy, and spirituality. With contributions by David Frawley, Geoff Stray, Joscelyn Godwin, Daniel Pinchbeck, Antoine Giral, and other provocative, cutting-edge thinkers, this collection of essays commissioned by Graham Hancock, bestselling author of Fingerprints of the Gods, represents the latest, often controversial findings in alternative science, history, archaeology, and consciousness research. Covering topics ranging from the origins of the Inca and the secrets hidden in Vedic literature, to the architecture of the Giza pyramids and the Sphinx, to unified theories of physics and consciousness, this book shows how, by recovering our lost history, we too can experience the higher consciousness and advanced wisdom of the ancients. An archaeologist explores history's most fascinating enigmas, from the ancient Druids to the mysteries of the Mayan calendar and the lost city of Atlantis. Across thousands of years of history, so-called lost civilizations still speak to us through their artifacts and architecture. In Hidden History, archaeologist Brian Haughton fills the gap between archaeology and alternative history using the latest available data and a common sense, open-minded approach. Divided into three sections, this expertly researched volume shares the secrets of Mysterious Places, Unexplained Artifacts, and Enigmatic People. Haughton introduces readers to the greatest mysteries of the ancient world, from the labyrinthine palace of Knossos on Crete to the pyramids of Egypt, the remote jungle temples of Peru, and the megalithic mystery of Stonehenge. But he also goes further to explore historical puzzles like the Coso Artifact, the possibility of ancient flight, and the Voynich Manuscript, as well as mysterious peoples from the Magi and the Druids to the Knights Templar and the Green Children. With more than 50 photographs and illustrations, this is the ideal reference work for those interested in the archaeology of these great enigmas. Hone's summaries and excerpts from medieval Coventry plays or mysteries in the British Museum. Offers an exploration of a three-thousand-year-old mystery that is purported to foresee the future of America and the world, with explanations of how this secret mystery has foretold major events in recent history. "Called the "Reader's Digest of New England Archaeology," by experts in the field, this book covers all finds and sites by amateur and professional ancient artifact hunters since America was first settled. Hundreds of messages were cut into stone by unknown ancient settlers. Carved faces, well-made homes of rock, Celtic ritual sites, dolmens, and other ancient remnants are scattered throughout the New England states, making it quite apparent that visitors from other lands lived here hundreds of years before Columbus discovered America. Ancient coins, weapons, lamps, containers and art objects have been uncovered as well -- all well documented and described, with photos in this fascinating book." Gathers selections from Greek and Roman history, plays, and poetry that refer to the mystery religions, and briefly explains what is known about how these religions got their start The Essenes, the Kahunas of Hawaii, Pan and the nature kingdom, the angelic kingdom, the Vedas and Upanishads, the Kabbalah, the Yoga sutras of Patanjali, the Egyptian mysteries, and The Keys of Enoch: These profound spiritual teachings, unknown to so many on our planet, are a valuable resource to anyone wishing to move further along the path to enlightenment and ascension. This book contains a wealth of information on esoteric teachings, from the ancient mystery schools to the recently founded religions. More than a mere retelling of well-known facts, the story begins with what may be the most elusive knowledge of our time—that of the extraterrestrial presence on Earth. A study of the life and work of Johann Bessler (aka Orffyreus) who claimed that he had perfected a Perpetual Motion machine in 1712. The evidence for his claims is examined and proof of his sincerity is discussed. The previously unknown existence of a coded message is revealed and described and the possible way in which the machine was constructed is examined. "The Harbinger opens with the appearance of a man burdened with a message he has received from a mysterious figure called The Prophet. The Prophet has given him nine seals, each containing a message about America's future ... As the story unfolds, each revelation becomes a piece in a greater puzzle -- the ramifications of which will even alter the course of world history."--Publisher's website. "A very balanced selection of sources for the study of the ancient so-called mystery religions, starting with Eleusis and ending with

mysteries in Judaism and Christianity. . . . No other modern sourcebook exists in this field."—Kurt Rudolph There is no death in the Osirian religion, only decay and change, and periodic renewal; only evolution and transformation in the domain of matter and the transubstantiation into spirit. In the so-called death of Osiris it is rebirth, not death, exactly the same as in the changes of external nature. At the close of the day the solar orb went down and left the sun god staring blankly in the dark of death. Taht the moon god met him in Amenta with the eye of Horus as the light the was to illuminate the darkness of the subterranean world. from Egyptian Book of the Dead and the Mysteries of Amenta It goes unappreciated by modern Egyptologists, but it is embraced by those who savor the concept of a hidden history of humanity, and those who approach all human knowledge from the perspective of the esoteric. Gerard Massey 's massive Ancient Egypt: The Light of the World first published in 1907 and the crowning achievement of the self-taught scholar redefines the roots of Christianity via Egypt, proposing that Egyptian mythology was the basis for Jewish and Christian beliefs. Here, Cosimo proudly presents Book 4 of Ancient Egypt, in which Massey discusses the Egyptian Book of the Dead as the pre-Christian word of God, and explores the idea that Amenta, the threshold to the Egyptian underworld, is the first overt expression of a human desire for a noncorporeal afterlife. Massey goes on to connect the mystery of the mummy to the mystery of the Christ by likening the Christian dogma of physical resurrection to the Egyptian impetus for mummification. Peculiar and profound, this work will intrigue and delight readers of history, religion, and mythology. British author GERALD MASSEY (1828 1907) published works of poetry, spiritualism, Shakespearean criticism, and theology, but his best-known works are in the realm of Egyptology, including A Book of the Beginnings and The Natural Genesis. A traveler goes on a year-long journey with a man known only as "The teacher," and absorbs a new teaching on spiritual truths for every day of the year. The Ancient Mysteries of the Essenes: The Ken Johnson Collection is the groundbreaking research involving the ancient Essene community, their astonishingly accurate prophecies, and what they foretell for our immediate future. In Part 1: The Ancient Dead Sea Scroll Calendar and the Prophecies it Reveals, a mysterious 364-day solar calendar used by the ancients from the time of Creation to about 170 BC is finally recreated. In this section you will learn about God's original solar calendar and discover what prophecies it perfectly revealed, and those coming next, which were deliberately hidden from mankind until the appointed time. Learn about these imminent appointments and how to start using the original calendar God gave us. In Part 2: Ancient Testaments of the Patriarchs: Autobiographies from the Dead Sea Scrolls fragments of twenty hidden prophetic texts found in the Dead Sea scrolls are published including the testaments of Enos (Adam's grandson), Enoch, Lamech (Noah's father), Noah, Abraham, Jacob, Levi, Judah, Naphtali, Joseph, Benjamin, Kohath (son of Levi, and father of Amram), Amram (father of Moses, Aaron, and Miriam), and Aaron. Discover what these extra-biblical prophecies say about the Messiah, including Aaron's warning of the Messiah's First Coming. Finally, in Part 3: Ancient Order of Melchizedek astonishing facts about Melchizedek are finally deciphered. For the first time, the Dead Sea Scrolls, the ancient church fathers, and other rare history books reveal the mystery of the Ancient Order of Melchizedek, which the apostle Paul spoke of in the book of Hebrews, and why this priesthood was and is different than the priesthood of Levi. Why the Messiah was ordained after the order of Melchizedek, and how the facts around this mysterious order dynamically effects Christian theology and practical applications for our Christian walk today. NEW YORK TIMES and USA TODAY Best-Selling Book From the author that brought you 6 New York Times best-selling books including The Harbinger, The Book of Mysteries, and The Oracle Is America heading to judgment? What lies ahead? Discover what no book has ever revealed . . . until now! Are the unprecedented crises of our times, the signs and warnings of coming judgment? Does an ancient mystery hold the secret to the events of our times, and the future of America and the world? Is this mystery even behind the shakings that have now overtaken the world and America? How much time do we have left? In 2012, Jonathan Cahn caused a worldwide sensation with the release of his first book and massive bestseller The Harbinger. It was hailed as 'stunning,' 'prophetic' 'mind-blowing,' and 'astonishing.' Cahn followed it with bestseller after bestseller but he has always held off on writing a sequel. But now, for the first time, Cahn opens up what could not be unlocked before - the mysteries that couldn't be revealed until the present time, the manifestations that have taken place since The Harbinger came out and up to the present hour, and the mysteries of what is yet to come. Ever since The Harbinger was released, people have been asking... Is an ancient mystery determining America's future? Have the harbingers of judgment continued to manifest on American soil? Is America closer now than ever before to judgment and what lies ahead for America and the world? The Harbinger ended by speaking of what was yet to come. That which was written is now coming true. After years of holding back, because he believed it wasn't yet the time, Jonathan Cahn has now written the sequel. The Harbinger II is being hailed as "a prophetic masterpiece" even more powerful and stunning than the first book and will take the mystery to new dimensions and disclose what could not be revealed in The Harbinger or until now. The Harbinger II will open up the mysteries of the Gate, the Watchmen, the Mystery Ship, the Word in the Ruins, the Book of Days, the Image, the Judgment Tree, the Children of the Ruins, the Convergence, the Handwriting on the Wall, and much more. It will ultimately reveal the mystery of what is yet to come, including the Shakings, the Plague, the Western Terrace, the Island, the Day of the Watchman, and more. As in the first book, the mysteries and revelations of The Harbinger II are completely real and are determining the course of world events to this day. And the mysteries are, likewise, revealed through a narrative. In The Harbinger II, the reader will witness the return of Nouriel, Ana Goren, and the mysterious figure known as 'the prophet.' The prophet will now continue the revelation from where it left off and open up mysteries as stunning and mind-blowing as the first. As in the prophet's first appearance, the revelations will be unlocked, one by one, through the giving of ancient seals, but also through dreams, and a little girl as mysterious as the prophet. In The Harbinger II the reader will be taken on a mysterious and epic journey to uncover the new revelations: from an island in the waters of New England, to the steps of the Supreme Court, to the top of the tower at Ground Zero, to a primeval forest, to the House of Faces, to the pedestal of the Statue of Liberty. The Harbinger II will also reveal the answer and the keys we each need to have for the days that lie ahead. After reading The Harbinger II, you will never see the world the same way again. Prepare to be blown away! Examines 12 of the most engaging ancient mysteries. Each spread provides

information about a mystery and its ancient and recent discoveries paired with interesting sidebars and questions to consider. The ancient Mysteries have long attracted the interest of scholars, an interest that goes back at least to the time of the Reformation. After a period of interest around the turn of the twentieth century, recent decades have seen an important study of Walter Burkert (1987). Yet his thematic approach makes it hard to see how the actual initiation into the Mysteries took place. To do precisely that is the aim of this book. It gives a 'thick description' of the major Mysteries, not only of the famous Eleusinian Mysteries, but also those located at the interface of Greece and Anatolia: the Mysteries of Samothrace, Imbros and Lemnos as well as those of the Corybants. It then proceeds to look at the Orphic-Bacchic Mysteries, which have become increasingly better understood due to the many discoveries of new texts in the recent times. Having looked at classical Greece we move on to the Roman Empire, where we study not only the lesser Mysteries, which we know especially from Pausanias, but also the new ones of Isis and Mithras. We conclude our book with a discussion of the possible influence of the Mysteries on emerging Christianity. Its detailed references and up-to-date bibliography will make this book indispensable for any scholar interested in the Mysteries and ancient religion, but also for those scholars who work on initiation or esoteric rituals, which were often inspired by the ancient Mysteries. "A lively, illustrated overview of the variety of mystery religions that flourished at the dawn of the Christian era. In clear, enlightened text and striking images, *Mystery Religions* holds up a "distant mirror" to our own times, showing that the quest for spiritual illumination from Eastern religions, and emphasis on spiritual development and experience, and a concern for hidden knowledge are deeply rooted in Western culture. *Mystery Religions* brings the myths, the magic, their rites and the wisdom of a bygone age to compelling life, making them comprehensible to modern readers. Godwin begins *Mystery Religions* with a crucial discussion of the five basic spiritual attitudes or orientations, one (or more) of which informs the religious conceptions of all peoples of every epoch. He clarifies the various paths--that of the warrior, of the monk, of the magician, of love, and of knowledge--and applies them in a detailed examination of the major mystery religions that follows. Here is a compelling account of the forms mystery religions took, from the cults of Mithras, Dionysus, and Orpheus to those of the Goddess, esoteric Christianity and Judaism, and Gnosticism. Godwin offers a rich and varied selection of illustrations; the symbolism of paintings, statues, reliefs, and other visual imagery provides a wealth of additional information about these religions. As in our day, the people of ancient Greece and Rome enjoyed unprecedented religious freedom and pursued their spiritual quest through a variety of cults, sects, rituals, and sacred studies. *Mystery Religions* explores this historical phenomenon from its wellsprings in the Eastern Mediterranean to its manifestations in such remote outposts of empire as the borderlands of Scotland. At the same, *Mystery Religions* distills those elements of man's spiritual and intellectual growth which these religions embodied and which remain unchanged to this day." -- Publisher's description

The grisly story of the bog bodies, updated via details of archaeological discovery and crime-scene techniques Some 2,000 years ago, certain unfortunate individuals were violently killed and buried not in graves but in bogs. What was a tragedy for the victims has proved an archaeologist's dream, for the peculiar and acidic properties of the bog have preserved the bodies so that their skin, hair, soft tissue, and internal organs—even their brains—survive. Most of these ancient swamp victims have been discovered in regions with large areas of raised bog: Ireland, northwest England, Denmark, the Netherlands, and northern Germany. They were almost certainly murder victims and, as such, their bodies and their burial places can be treated as crime scenes. The cases are cold, but this book explores the extraordinary information they reveal about our prehistoric past. *Bog Bodies Uncovered* updates Professor P. V. Glob's seminal publication *The Bog People*, published in 1969, in the light of vastly improved scientific techniques and newly found bodies. Approached in a radically different style akin to a criminal investigation, here the bog victims appear, uncannily well-preserved, in full-page images that let the reader get up close and personal with the ancient past.
