Murder at the Mall Aug 19 2022 Frank and Joe Hardy must investigate threats made against the local mall by an extremist environmental group called STEMM.

The Precariat Sep 27 2020 This book presents the new Precariat - the rapidly growing number of people facing lives of insecurity, on zero hours contracts, moving in and out of jobs that give little meaning to their lives. The delivery driver who brings your packages, the uber driver who gets you to work, the security guard at the mall, the carer looking after our elderly...these are The Precariat. Guy Standing investigates this new and growing group, finding a frustrated and angry new underclass who are often ignored by politicians and economists. The rise of zero hours contracts, encouraged by fat cat corporations as risk-free employment, and by silicon valley as a way of outsourcing costs and responsibility, has been exacerbated by the COVID pandemic. At the same time, in its experience of lockdown, the western world is realizing the true value of these nurses, carers and key workers. The answer? The return of income security and meaningful work - the principles 20th century capitalism was built on. By making the fears and desires of the Precariat central to economic thinking, Standing shows how concepts like Basic Income are not just desirable but inevitable, and plots the way to a better future.

Pretty Pretty Boys Dec 31 2020 After Emery Hazard loses his job as a detective in Saint Louis, he heads back to his hometown--and to the local police force there. Home, though, brings no happy memories, and the ghosts of old pain are very much alive in Wahredua. When a severely burned body is discovered, Hazard finds himself drawn deeper into the case than he expects. Determining the identity of the dead man proves impossible, and solving the murder grows more and more unlikely. But as the city's only gay police officer, Hazard is placed at the center of a growing battle between powerful political forces. To his surprise, Hazard finds an

unlikely ally in his partner, the former bully. And as they spend more time together, something starts to happen between them, something that Hazard can't--and doesn't want--to explain. The Dangerous Passion Feb 01 2021 Why do men and women cheat on each other? How do men really feel when their partners have sex with other men? What worries women more -- men who turn to other women for love or men who simply want sexual variety in their lives? Can the jealousy husbands and wives experience over real or imagined infidelities be cured? Should it be? In this surprising and engaging exploration of men's and women's darker passions, David Buss, acclaimed author of *The Evolution of Desire*, reveals that both men and women are actually designed for jealousy. Drawing on experiments, surveys, and interviews conducted in thirty-seven countries on six continents, as well as insights from recent discoveries in biology, anthropology, and psychology, Buss discovers that the evolutionary origins of our sexual desires still shape our passions today. According to Buss, more men than women want to have sex with multiple partners. Furthermore, women who cheat on their husbands do so when they are most likely to conceive, but have sex with their spouses when they are least likely to conceive. These findings show that evolutionary tendencies to acquire better genes through different partners still lurk beneath modern sexual behavior. To counteract these desires to stray -- and to strengthen the bonds between partners -- jealousy evolved as an early detection system of infidelity in the ancient and mysterious ritual of mating. Buss takes us on a fascinating journey through many cultures, from pre-historic to the present, to show the

profound evolutionary effect jealousy has had on all of us. Only with a healthy balance of jealousy and trust can we be certain of a mate's commitment, devotion, and true love.

Bomb Feb 13 2022 In December of 1938, a chemist in a German laboratory made a shocking discovery: When placed next to radioactive material, a Uranium atom split in two. That simple discovery launched a scientific race that spanned 3 continents. In Great Britain and the United States, Soviet spies worked their way into the scientific community; in Norway, a commando force slipped behind enemy lines to attack German heavy-water manufacturing; and deep in the desert, one brilliant group of scientists was hidden away at a remote site at Los Alamos. This is the story of the plotting, the risk-taking, the deceit, and genius that created the world's most formidable weapon. This is the story of the atomic bomb. *Bomb* is a 2012 National Book Awards finalist for Young People's Literature. *Bomb* is a 2012 Washington Post Best Kids Books of the Year title. *Bomb* is a 2013 Newbery Honor book.

No Heaven for Good Boys Jun 05 2021 NEW YORK TIMES EDITORS' CHOICE • Set in Senegal, this modern-day *Oliver Twist* is a meditation on the power of love and the strength that can emerge when we have no other choice but to survive. “I loved this book because it is a story about generations of parents and children saving one another with a love so powerful that it transcends distance, time, and reason.”—Ann Napolitano, New York Times bestselling author of *Dear Edward* Six-year-old Ibrahimah loves snatching pastries from his mother's kitchen, harvesting string beans with his father, and searching for sea glass with his sisters. But when he is approached in his rural village one day by Marabout Ahmed, a seemingly kind stranger and highly regarded teacher, the tides of his life turn forever. Ibrahimah is sent to the capital city of Dakar to join his cousin Étienne in studying the Koran under Marabout Ahmed for a year, but instead of the days of learning that Ibrahimah's parents imagine, the young boys, called Talibé, are forced to beg in the streets in order to line their teacher's pockets. To make it back home, Étienne and Ibrahimah must help each other survive both the dangers posed by their Marabout, and the darker sides of Dakar: threats of black-market organ traders, rival packs of Talibé, and mounting

student protest on the streets. Drawn from real incidents and transporting readers between rural and urban Senegal, *No Heaven for Good Boys* is a tale of hope, resilience, and the affirming power of love. Lost in the Valley of Death Oct 09 2021 "By patient accumulation of anecdote and detail, Rustad evolves Shetler's story into something much more human, and humanly tragic, into a layered inquisition and a reportorial force....suffice it to say Rustad has done what the best storytellers do: tried to track the story to its last twig and then stepped aside." —New York Times Book Review In the vein of Jon Krakauer's *Into the Wild*, a riveting work of narrative nonfiction centering on the unsolved disappearance of an American backpacker in India—one of at least two dozen tourists who have met a similar fate in the remote and storied Parvati Valley. For centuries, India has enthralled westerners looking for an exotic getaway, a brief immersion in yoga and meditation,

or in rare cases, a true pilgrimage to find spiritual revelation. Justin Alexander Shetler, an inveterate traveler trained in wilderness survival, was one such seeker. In his early thirties Justin Alexander Shetler, quit his job at a tech startup and set out on a global journey: across the United States by motorcycle, then down to South America, and on to the Philippines, Thailand, and Nepal, in search of authentic experiences and meaningful encounters, while also documenting his travels on Instagram. His enigmatic character and magnetic personality gained him a devoted following who lived vicariously through his adventures. But the ever restless explorer was driven to pursue ever greater challenges, and greater risks, in what had become a personal quest—his own hero's journey. In 2016, he made his way to the Parvati Valley, a remote and rugged corner of the Indian Himalayas steeped in mystical tradition yet shrouded in darkness and danger. There, he spent weeks studying under the guidance of a sadhu, an Indian holy man, living and meditating in a cave. At the end of August, accompanied by the sadhu, he set off on a "spiritual journey" to a holy lake—a journey from which he would never return. *Lost in the Valley of Death* is about one man's search to find himself, in a country where for many westerners the path to spiritual enlightenment can prove fraught, even treacherous. But it is also a story about all of us and the ways, sometimes extreme, we seek fulfillment in life. *Lost in the Valley of Death* includes 16 pages of color photographs. *Thrill Ride* Mar 22 2020 The Hardy boys investigate a suspicious death and other events at Uncle Bernie's Fun Park.

Irreversible Damage Jan 20 2020 NAMED A BOOK OF THE YEAR BY THE ECONOMIST AND ONE OF THE BEST BOOKS OF 2021 BY THE TIMES AND THE SUNDAY TIMES "Irreversible Damage . . . has caused a storm. Abigail Shrier, a Wall Street Journal writer, does something simple yet devastating: she rigorously lays out the facts." —Janice Turner, The Times of London Until just a few years ago, gender dysphoria—severe discomfort in one’s biological sex—was vanishingly rare. It was typically found in less than .01 percent of the population, emerged in early childhood, and afflicted males almost exclusively. But today whole groups of female friends in colleges, high schools, and even middle schools across the country are coming out as “transgender.” These are girls who had never experienced any discomfort in their biological sex until they heard a coming-out story from a speaker at a school assembly or discovered the internet community of trans “influencers.” Unsuspecting parents are awakening to find their daughters in thrall to hip trans YouTube stars and “gender-affirming” educators and therapists who push life-changing interventions on young girls—including medically unnecessary double mastectomies and puberty blockers that can cause permanent infertility. Abigail Shrier, a writer for

the Wall Street Journal, has dug deep into the trans epidemic, talking to the girls, their agonized parents, and the counselors and doctors who enable gender transitions, as well as to “detransitioners”—young women who bitterly regret what they have done to themselves. Coming out as transgender immediately boosts these girls’ social status, Shrier finds, but once they take the first steps of transition, it is not easy to walk back. She offers urgently needed advice about how parents can protect their daughters. A generation of girls is at risk. Abigail Shrier’s essential book will help you understand what the trans craze is and how you can inoculate your child against it—or how to retrieve her from this dangerous path.
