**Contemporary Women's Ghost Stories Jul 06 2021** This book offers new insights on socially and culturally engaged Gothic ghost stories by twentieth century and contemporary female writers; including Shirley Jackson, Angela Carter, Toni Morrison, Ali Smith, Susan Hill, Catherine Lim, Kate Mosse, Daphne du Maurier, Helen Dunmore, Michele Roberts, and Zheng Cho. Through the ghostly body, possessions and visitations, women's ghost stories expose links between the political and personal, genocides and domestic tyrannies, providing unceasing reminders of violence and violations. Women, like ghosts, have historically lurked in the background, incarcerated in domestic spaces and roles by familial and hereditary norms. They have been disenfranchised legally and politically, sold on dreams of romance and domesticity. Like unquiet spirits that cannot be silenced, women's ghost stories speak the unspeakable, revealing these contradictions and oppressions. Wisker's book demonstrates that in terms of women's ghost stories, there is much to point the spectral finger at and much to speak out about.

***Spectres of Antiquity* Dec 23 2022** *Spectres of Antiquity* is the first full-length study of the relationship between Greco-Roman culture and the eighteenth-century Gothic. In fascinating and compelling detail, James Uden's book rewrites the history of the Gothic genre, demonstrating that the genre was haunted by a deeper sense of history than has previously been assumed.

**Towards a Theory of Whodunits Jan 24 2023** Bringing together academics from Romania, the USA, Spain and Turkey, this volume follows the evolution of detective fiction, from its early forms during the late eighteenth

century until its contemporary multi-media expressions. Tackling the best-known authors in the genre, as well as marginal, forgotten or eccentric names, and discussing prose which fits perfectly in the pattern of the genre or texts which have been conventionally associated with other genres, as well as films, the book explores the impact of whodunits in both highbrow and popular culture.

**The Routledge Companion to Literature and Disability Jul 26 2020** The Routledge Companion to Literature and Disability brings together some of the most influential and important contemporary perspectives in this growing field. The book traces the history of the field and locates literary disability studies in the wider context of activism and theory. It introduces debates about definitions of disability and explores intersectional approaches in which disability is understood in relation to gender, race, class, sexuality, nationality and ethnicity. Divided broadly into sections according to literary genre, this is an important resource for those interested in exploring and deepening their knowledge of the field of literature and disability studies.

***Immersion, Narrative, and Gender Crisis in Survival Horror Video Games* Feb 01 2021** This book investigates the narrativity of some of the most popular survival horror video games and the gender politics implicit in their storyworlds. In a thorough analysis of the genre that draws upon detailed comparisons with the mainstream action genre, Andrei Nae places his analysis firmly within a political and social context. In comparing survival horror games to the dominant game design norms of the action genre, the author differentiates between classical

**and postclassical survival horror games to show how the former reject the norms of the action genre and deliver a critique of the conservative gender politics of action games, while the latter are more heterogeneous in terms of their game design and, implicitly, gender politics. This book will appeal not only to scholars working in game studies, but also to scholars of horror, gender studies, popular culture, visual arts, genre studies and narratology.**

***Italian Goth Subculture* Sep 20 2022 This book is the first in-depth investigation of the Goth subculture in Italy, focusing in particular on the city of Milan. It grows out of a three year research project - the first in Italy of this scope on the topic - based on the life histories of two dozen participants. In light of this, Simone Tosoni and Emanuela Zuccalà propose an innovative approach to the study of spectacular subcultures: contrarily to the most common accounts of the spectacular subcultures of the 80s, this book describes the experience of subcultural belonging as plural and internally diversified. In particular, three different variations - or 'enactments' - of goth are described in-depth: the politically engaged one; the one typical of the scene of the alternative music clubs**

spread all over northern Italy; and the one, common in the little towns surrounding Milan (but not limited to it), where participants used to 'enact' the dark subculture alone or in small groups. Their book argues that while these three different variations of goth shared the same canon of subcultural resources (music, style, patterns of cultural consumptions), they differed under relevant points of view, like forms of socialization, stance toward political activism, identity construction processes, and even their relationship with urban space. Yet, contrarily to the stress on individual differences in 'subcultural' belonging typical of post-subcultural theorists, the Milanese variations of goth appear to have been socially shared, as socially shared were the different 'practices of enactment' of the subculture that characterized each of them.

**Ferruccio Busoni as Architect of Sound Mar 02 2021**  
Ferruccio Busoni as Architect of Sound presents the composer as an innovator inspired not only by past musical traditions but also by a contemporary interest in experimentalism. In the twentieth-century, Busoni wrote pieces where sound radiates from different directions, created montage formal structures, and freely used all twelve pitches of the chromatic scale without avoiding consonances. This book reveals how he also applied his understanding of tangible architectural spaces, buildings, and floor plans to his music, reconciling the spatial and temporal divide in music through an interdisciplinary approach. His innovation prompted and inspired new trends in pitch organization, the spatialization of sound, and the expansion of formal structures. Transcending physical boundaries of compositional innovation, Busoni

also engaged in a rich exchange of ideas with contemporary architects and artists. Through a broad analysis of Busoni's compositional activities, musicologist Erinn E. Knyt brings Busoni's music into dialogue with more recent accounts of modernism in music that move beyond elitist esotericism and notions of rupture with the past. In addition, she facilitates a discourse between Busoni and other twentieth-century artists and explores how Busoni's spatialized architectural music left a lasting imprint on future generations of musicians and early film pioneers.

**Aesthetic Apprehensions Jul 18 2022 Aesthetic Apprehensions: Silences and Absences in False Familiarities** is a scholarly conversation about encounters between habitual customs of reading and seeing and their ruptures and ossifications. In closely connected discourses, the thirteen essays collected here set out to carefully probe the ways our aesthetic immersions are obfuscated by deep-seated epistemological and ideological apprehensions by focusing on how the tropology carried by silence, absence, and false familiarity crystallize to define the gaps that open up. As they figure in the subtitle of this volume, the tropes may seem straightforward enough, but a closer examination of their function in relation to social, cultural, and political assumptions and gestalts reveal troubling oversights. **Aesthetic Apprehensions** comes to name the attempt at capturing the outlier meanings residing in habituated receptions as well as the uneasy relations that result from aesthetic practices already in place, emphasizing the kinds of thresholds of sense and sensation which occasion rupture and creativity. Such, after all, is the promise of the

**threshold, of the liminal: to encourage our leap into otherness, for then to find ourselves and our sensing again, and anew in novel comprehensions.**

**Gothic Antiquity Mar 14 2022 Gothic Antiquity: History, Romance, and the Architectural Imagination, 1760-1840 provides the first sustained scholarly account of the relationship between Gothic architecture and Gothic literature (fiction; poetry; drama) in the late eighteenth and early nineteenth centuries. Although the relationship between literature and architecture is a topic that has long preoccupied scholars of the literary Gothic, there remains, to date, no monograph-length study of the intriguing and complex interactions between these two aesthetic forms. Equally, Gothic literature has received only the most cursory of treatments in art-historical accounts of the early Gothic Revival in architecture, interiors, and design. In addressing this gap in contemporary scholarship, Gothic Antiquity seeks to situate Gothic writing in relation to the Gothic-architectural theories, aesthetics, and practices with which it was contemporary, providing closely historicized readings of a wide selection of canonical and lesser-known texts and writers. Correspondingly, it shows how these architectural debates responded to, and were to a certain extent shaped by, what we have since come to identify as the literary Gothic mode. In both its 'survivalist' and 'revivalist' forms, the architecture of the Middle Ages in the long eighteenth century was always much more than a matter of style. Incarnating, for better or for worse, the memory of a vanished 'Gothic' age in the modern, enlightened present, Gothic architecture, be it ruined or complete, prompted imaginative**

reconstructions of the nation's past—a notable 'visionary' turn, as the antiquary John Pinkerton put it in 1788, in which Gothic writers, architects, and antiquaries enthusiastically participated. The volume establishes a series of dialogues between Gothic literature, architectural history, and the antiquarian interest in the material remains of the Gothic past, and argues that these discrete yet intimately related approaches to vernacular antiquity are most fruitfully read in relation to one another.

The Castle of Otranto Apr 03 2021 The founding work of Gothic fiction On the day of his wedding, Conrad, heir to the house of Otranto, is killed in mysterious circumstances. His calculating father Manfred fears that his dynasty will now come to an end and determines to marry his son's bride himself - despite the fact he is already married. But a series of terrifying supernatural omens soon threaten this unlawful union, as the curse placed on Manfred's ancestor, who usurped the lawful Prince of Otranto, begins to unfold. First published pseudonymously in 1764, purporting to be an ancient Italian text from the time of the crusades, *The Castle of Otranto* is a founding work of Gothic fiction. With its compelling blend of sinister portents, tempestuous passions and ghostly visitations, it spawned an entire literary tradition and influenced such writers as Ann Radcliffe and Bram Stoker. **Georgette Heyer, History and Historical Fiction Oct 29 2020 The Nonesuch is the name of one of Georgette Heyer's most famous novels. It means a person or thing without equal, and Georgette Heyer is certainly that. Her historical works inspire a fiercely loyal, international readership and are championed by literary figures such as A. S. Byatt and Stephen Fry. Georgette Heyer, History, and Historical Fiction brings together an eclectic range of chapters from scholars all over the world to explore the contexts of Heyer's career. Divided into four parts - gender; genre; sources; and circulation and reception - the volume draws on scholarship on Heyer and her**

contemporaries to show how her work sits in a chain of influence, and why it remains pertinent to current conversations on books and publishing in the twenty-first century. Heyer's impact on science fiction is accounted for, as are the milieu she was writing in, the many subsequent works that owe Heyer's writing a debt, and new methods for analysing these enduring books. From the gothic to data science, there is something for everyone in this volume; a celebration of Heyer's 'nonesuch' status amongst historical novelists, proving that she and her contemporary women writers deserve to be read (and studied) as more than just guilty pleasures.

Lacan, Foucault, and the Malleable Subject in Early Modern English Utopian Literature Feb 25 2023

Theoretically informed scholarship on early modern English utopian literature has largely focused on Marxist interpretation of these texts in an attempt to characterize them as proto-Marxist. The present volume instead focuses on subjectivity in early modern English utopian writing by using these texts as case studies to explore intersections of the thought of Jacques Lacan and Michel Foucault. Both Lacan and Foucault moved back and forth between structuralist and post-structuralist intellectual trends and ultimately both defy strict categorization into either camp. Although numerous studies have appeared that compare Lacan's and Foucault's thought, there have been relatively few applications of their thought together onto literature. By applying the thought of both theorists, who were not literary critics, to readings of early modern English utopian literature, this study will, on the one hand, describe the formation of utopian subjectivity that is both psychoanalytically (Oedipal and pre-Oedipal) and

**socially constructed, and, on the other hand, demonstrate new ways in which the thought of Lacan and Foucault inform and complement each other when applied to literary texts. The utopian subject is a malleable subject, a subject whose linguistic, psychoanalytical subjectivity determines the extent to which environmental and social factors manifest in an identity that moves among Lacan's Symbolic, Imaginary, and Real.**

**Lancelot May 04 2021 "A modern knight-errant on a quest after evil; grotesque, convincing and chilling."  
—The New York Times Book Review**  
**Fed up with the excesses of the 1970s, Lancelot Andrews Lamar, a liberal lawyer and distinguished member of the New Orleans gentry, is determined to stop the modern world's ethical collapse. His quest begins with his wife—an actress who he suspects has been cheating on him for years. Though he initially plans only to gather proof of her infidelity, Lancelot quickly descends into a fog of obsession. And as he crosses the line from sanity into madness, he will try once and for all to purify the world or destroy it in the attempt. Mesmerizing and unforgettable, Lancelot is a masterful story of one man's collision with the follies of modern culture, and a thought-provoking look at the nature of good and evil.**

**Handbook of the British Novel in the Long Eighteenth Century Jan 12 2022**  
**The handbook offers a comprehensive introduction to the British novel in the long eighteenth century, when this genre emerged to develop into the period's most versatile and popular literary form. Part I features six systematic chapters that discuss literary, intellectual, socio-economic, and political contexts, providing innovative approaches to issues such**

as sense and sentiment, gender considerations, formal characteristics, economic history, enlightened and radical concepts of citizenship and human rights, ecological ramifications, and Britain's growing global involvement. Part II presents twenty-five analytical chapters that attend to individual novels, some canonical and others recently recovered. These analyses engage the debates outlined in the systematic chapters, undertaking in-depth readings that both contextualize the works and draw on relevant criticism, literary theory, and cultural perspectives. The handbook's breadth and depth, clear presentation, and lucid language make it attractive and accessible to scholar and student alike.

**The Forest and the EcoGothic** Apr 15 2022 This book offers the first full length study on the pervasive archetype of The Gothic Forest in Western culture. The idea of the forest as deep, dark, and dangerous has an extensive history and continues to resonate throughout contemporary popular culture. **The Forest and the EcoGothic** examines both why we fear the forest and how exactly these fears manifest in our stories. It draws on and furthers the nascent field of the ecoGothic, which seeks to explore the intersections between ecocriticism and Gothic studies. In the age of the Anthropocene, this work importantly interrogates our relationship to and understandings of the more-than-human world. This work introduces the trope of the Gothic forest, as well as important critical contexts for its discussion, and examines the three main ways in which this trope manifests: as a living, animated threat; as a traditional habitat for monsters; and as a dangerous site for human settlement. This book will appeal to students and scholars

**with interests in horror and the Gothic, ecohorror and the ecoGothic, environmentalism, ecocriticism, and popular culture more broadly. The accessibility of the subject of 'The Deep Dark Woods', coupled with increasingly mainstream interests in interactions between humanity and nature, means this work will also be of keen interest to the general public.**

***Disturbing Times* Dec 31 2020 From Kehinde Wiley to W.E.B. Du Bois, from Nubia to Cuba, Willie Doherty's terror in ancient landscapes to the violence of institutional Neo-Gothic, Reagan's AIDS policies to Beowulf fanfiction, this richly diverse volume brings together art historians and literature scholars to articulate a more inclusive, intersectional medieval studies. It will be of interest to students working on the diaspora and migration, white settler colonialism and pogroms, Indigenous studies and decolonial methodology, slavery, genocide, and culturecide. The authors confront the often disturbing legacies of medieval studies and its current failures to own up to those, and also analyze fascist, nationalist, colonialist, anti-Semitic, and other ideologies to which the medieval has been and is yoked, collectively formulating concrete ethical choices and aims for future research and teaching. In the face of rising global fascism and related ideological mobilizations, contemporary and past, and of cultural heritage and history as weapons of symbolic and physical oppression, this volume's chapters on Byzantium, Medieval Nubia, Old English, Hebrew, Old French, Occitan, and American and European medievalisms examine how educational institutions, museums, universities, and individuals are shaped by ethics and various ideologies in research,**

**Global TV Horror Oct 09 2021** The Horror genre has become one of the most popular genres of TV drama with the global success and fandom surrounding *The Walking Dead*, *Supernatural* and *Stranger Things*. Horror has always had a truly international reach, and nowhere is this more apparent than on television as explored in this provocative new collection looking at series from across the globe, and considering how Horror manifests in different cultural and broadcast/streaming contexts. Bringing together established scholars and new voices in the field, *Global TV Horror* examines historical and contemporary TV Horror from Australia, Brazil, Canada, Denmark, France, Iran, Japan, Spain, New Zealand, USA and the UK. It expands the discussion of TV Horror by offering fresh perspectives, examining new shows, and excavating new cultural histories, to render what has become so familiar - Horror on television - unfamiliar yet again.

**The Oxford Gothic Grammar** Mar 26 2023 This volume provides a comprehensive reference grammar of Gothic, the earliest attested language of the Germanic family (apart from runic inscriptions), dating to the fourth century. The bulk of the extant Gothic corpus is a translation of the Bible, of which only a portion remains, and which has been the focus of most previous works. This book is the first in English to also draw on the recently discovered Bologna fragment and Crimean graffiti, original Gothic texts that provide more insights into the language. Following an overview of the history of the Goths and the origin of the Gothic language, Gary Miller explores all the major topics in Gothic grammar,

**beginning with the alphabet and phonology, and proceeding through subjects such as case functions, prepositions and particles, compounding, derivation, and verbal and sentential syntax. He also presents a selection of Gothic texts with notes and vocabulary, and ends with a chapter on linearization, including an overview of Gothic in its Germanic context. The Oxford Gothic Grammar will be an invaluable reference for all Indo-Europeanists, Germanic scholars, and historical linguists, from advanced undergraduate level upwards.**

**Interview with the Vampire May 24 2020 The spellbinding classic that started it all, from the #1 New York Times bestselling author—the inspiration for the hit television series “A magnificent, compulsively readable thriller . . . Rice begins where Bram Stoker and the Hollywood versions leave off and penetrates directly to the true fascination of the myth—the education of the vampire.”—Chicago Tribune Here are the confessions of a vampire. It is a novel only Anne Rice could write.**

**The Uninhabited House Dec 19 2019 Charlotte Riddell’s The Uninhabited House (1875) tells the story of River Hall and the secrets that are hidden behind its doors. Within this haunted house, Riddell combines the supernatural with Victorian anxieties over stolen inheritance, crime, greed, and class mobility. This new Broadview Edition includes a detailed biography of Charlotte Riddell and illustrations from the original appearance of the novella in Routledge’s Magazine; it also includes Riddell’s ghost**

story "The Open Door" (1882), which serves as a useful companion text for *The Uninhabited House*. The contextual material in the edition highlights Victorian cultural, historical, and literary influences on Riddell's text, including women's contributions to the ghost story, print culture, and the development of supernatural fiction; the link between ghost stories and the holidays; and the haunted house, ghost hunting, and popular beliefs about ghosts in the Victorian era.

**The Long Lives of Medieval Art and Architecture Aug 27 2020** Traditional histories of medieval art and architecture often privilege the moment of a work's creation, yet surviving works designated as "medieval" have long and expansive lives. Many have extended prehistories emerging from their sites and contexts of creation, and most have undergone a variety of interventions, including adaptations and restorations, since coming into being. The lives of these works have been further extended through historiography, museum exhibitions, and digital media. Inspired by the literary category of biography and the methods of *longue durée* historians, the introduction and seventeen chapters of this volume provide an extended meditation on the longevity of medieval works of art and the aspect of time as a factor in shaping our interpretations of them. While the metaphor of "lives" invokes associations with the origin of the discipline of art history, focus is shifted away from temporal constraints of a single human lifespan or generation to consider the continued lives of medieval works even into our present moment. Chapters on works from the modern countries of Italy, France, England, Spain, and Germany are drawn together here by the

**thematic threads of essence and continuity, transformation, memory and oblivion, and restoration. Together, they tell an object-oriented history of art and architecture that is necessarily entangled with numerous individuals and institutions.**

**Women and Fairness Aug 19 2022 This collection brings together scholars from various disciplines to ask fundamental questions concerning how women handle the manifold impediments placed before them as they simply attempt to live full human lives. The collection explores narratives of women - real and fictional - who fight against these barriers, who succumb to them, who remain unaware of them, or choose to ignore them. It explores the ways we read women in cultural production, and how women are read in society. We assert the obstacles constructed into the very fabric of societies against fifty percent of the population are unfair, be they hindrances for women to attain their goals, encumbrances that limit women's speech and societal participation - communal and artistic - or hindrances that prohibit specific behaviors and images of women.**

**Analysing Historical Mathematics Textbooks Nov 22 2022 This book is about the creation and production of textbooks for learning and teaching mathematics. It covers a period from Antiquity to Modern Times. The analysis begins by assessing principal cultures with a practice of mathematics. The tension between the role of the teacher and his oral mode, on the one hand, and the use of a written (printed) text, in their respective relation with the student, is one of the dimensions of the comparative analysis, conceived of as the 'textbook triangle'. The changes in this tension with the**

**introduction of the printing press are discussed. The book presents various national case studies (France, Germany, Italy) as well as analyses of the internationalisation of textbooks via transmission processes. As this topic has not been sufficiently explored in the literature, it will be very well received by scholars of mathematics education, mathematics teacher educators and anyone with an interest in the field.**

**History of Construction Cultures Volume 2 Feb 19 2020**  
**Volume 2 of History of Construction Cultures contains papers presented at the 7ICCH - Seventh International Congress on Construction History, held at the Lisbon School of Architecture, Portugal, from 12 to 16 July, 2021. The conference has been organized by the Lisbon School of Architecture (FAUL), NOVA School of Social Sciences and Humanities, the Portuguese Society for Construction History Studies and the University of the Azores. The contributions cover the wide interdisciplinary spectrum of Construction History and consist on the most recent advances in theory and practical case studies analysis, following themes such as: - epistemological issues; - building actors; - building materials; - building machines, tools and equipment; - construction processes; - building services and techniques ; -structural theory and analysis ; - political, social and economic aspects; - knowledge transfer and cultural translation of construction cultures. Furthermore, papers presented at thematic sessions aim at covering important problematics, historical periods and different regions of the globe, opening new directions for Construction History research. We are what we build and how we build; thus, the study of Construction History is now more than ever at the centre of current debates as to**

**the shape of a sustainable future for humankind. Therefore, History of Construction Cultures is a critical and indispensable work to expand our understanding of the ways in which everyday building activities have been perceived and experienced in different cultures, from ancient times to our century and all over the world.**

**Post-Apartheid Gothic Feb 13 2022 Post-Apartheid Gothic: White South African Writers and Space is at the crossroads between Gothic studies and postcolonial studies. The author analyses the way in which diverse spaces - the home, the landscape, the city - are represented in recent works by white South African writers, assessing their literary, ethical, and political implications.**

**Graphic Narratives about South Asia and South Asian America Jun 24 2020 This book explores the field of Comics Studies in South Asia, illuminating an art form in which there has been a much-documented explosion of recent interest. A diverse group of scholars from Asia, Europe, and North America examine aesthetics, politics, and ideology in sequential art about South Asia and South Asian America. The book features contributions which address gender violence; authoritarian politics; caste discrimination; environmentalism; racism; and urban street art, amongst others. The unique interdisciplinary span of the volume considers mass popular comic books as well as the graphic novel. This edited volume would be of interest to those studying the influence of graphic novels, graphic narratives, and comic books in South Asia, as well as researchers interested in what these forms might have to say about important issues in society. This book was originally published as a special issue of the**

***Estranging the Novel* Apr 22 2020** To develop a theory of world literature, this book demands that the theory of the novel can no longer ignore literary forms other than realism. Winner of the Donald Murphy Prize for a Distinguished First Book by the American Conference on Irish Studies For centuries, the standard account of the development of the novel focused on the rise of realism in English literature. Studies of early novels connected the form to various aspects of British life across the eighteenth and nineteenth centuries, including the burgeoning middle class, the growth of individualism, and the emergence of democracy and the nation-state. But as the push for teaching and learning global literature grows, this narrative is insufficient for studying novel forms outside of a predominately English-speaking British and American realm. In *Estranging the Novel*, Katarzyna Bartoszyńska explores how the emergence and growth of world literature studies has challenged the centrality of British fiction to theories of the novel's rise. She argues that a historicist approach frequently reinforces the realist paradigm that has cast other traditions as "minor," conceding a normative vision of the novel as it seeks to explain why historical forces produced different forms elsewhere. Recasting the standard narrative by looking at different novelistic literary forms, including the Gothic, travel writing, and queer fiction, Bartoszyńska offers a compelling comparative study of Polish and Irish works published across the long nineteenth century that emphasize fictionality, or the problem of world-building in literature. Reading works by Ignacy Krasicki, Jan Potocki, Narcyza Zmichowska, and Witold Gombrowicz alongside

others by Jonathan Swift, Charles Maturin, Oscar Wilde, and Samuel Beckett, Bartoszynska shows that the history of the novel's rise demands a more capacious and rigorous approach to form as well as a reconceptualization of the relationship between fiction and its cultural contexts. By modeling such a heterogeneous account of the novel form, *Estranging the Novel* paves the way for a bracing and diverse understanding of the makeup of contemporary world literature and the many texts it encompasses—and a new perspective on the British novel as well.

*Gothic for Girls* Apr 27 2023 Today fans still remember and love the British girls' comic *Misty* for its bold visuals and narrative complexities. Yet its unique history has drawn little critical attention. Bridging this scholarly gap, Julia Round presents a comprehensive cultural history and detailed discussion of the comic, preserving both the inception and development of this important publication as well as its stories. *Misty* ran for 101 issues as a stand-alone publication between 1978 and 1980 and then four more years as part of *Tammy*. It was a hugely successful anthology comic containing one-shot and serialized stories of supernatural horror and fantasy aimed at girls and young women and featuring work by writers and artists who dominated British comics such as Pat Mills, Malcolm Shaw, and John Armstrong, as well as celebrated European artists. To this day, *Misty* remains notable for its daring and sophisticated stories, strong female characters, innovative page layouts, and big visuals. In the first book on this topic, Round closely analyzes *Misty's* content, including its creation and production, its cultural and historical context, key influences, and the comic

itself. Largely based on Round's own archival research, the study also draws on interviews with many of the key creators involved in this comic, including Pat Mills, Wilf Prigmore, and its art editorial team Jack Cunningham and Ted Andrews, who have never previously spoken about their work. Richly illustrated with previously unpublished photos, scripts, and letters, this book uses *Misty* as a lens to explore the use of Gothic themes and symbols in girls' comics and other media. It surveys existing work on childhood and Gothic and offers a working definition of Gothic for Girls, a subgenre which challenges and instructs readers in a number of ways.

The Supernatural Sublime Sep 08 2021 *The Supernatural Sublime* explores the long-neglected element of the supernatural in films from Spain and Mexico by focusing on the social and cultural contexts of their production and reception, their adaptations of codes and conventions for characters and plot, and their use of cinematic techniques to create the experience of emotion without explanation. Deploying the overarching concepts of the supernatural and the sublime, Raúl Rodríguez-Hernández and Claudia Schaefer detail the dovetailing of the unnatural and the experience of limitlessness associated with the sublime. *The Supernatural Sublime* embeds the films in the social histories of twentieth- and twenty-first-century Mexico and Spain, both of which made a forced leap into modernity after historical periods founded on official ideologies and circumscribed visions of the nation. Evoking Kant's definition of the experience of the sublime, Rodríguez-Hernández and Schaefer concentrate on the unrepresentable and the contradictory that oppose purported universal truths and instead offer up illusion,

deception, and imagination through cinema, itself a type of illusion: writing with light.

**The Oxford Dictionary of the Christian Church Jun 17 2022** Uniquely authoritative and wide-ranging in its scope, **The Oxford Dictionary of the Christian Church** is the indispensable reference work on all aspects of the Christian Church. It contains over 6,500 cross-referenced A-Z entries, and offers unrivalled coverage of all aspects of this vast and often complex subject, from theology; churches and denominations; patristic scholarship; and the bible; to the church calendar and its organization; popes; archbishops; other church leaders; saints; and mystics. In this new edition, great efforts have been made to increase and strengthen coverage of non-Anglican denominations (for example non-Western European Christianity), as well as broadening the focus on Christianity and the history of churches in areas beyond Western Europe. In particular, there have been extensive additions with regards to the Christian Church in Asia, Africa, Latin America, North America, and Australasia. Significant updates have also been included on topics such as liturgy, Canon Law, recent international developments, non-Anglican missionary activity, and the increasingly important area of moral and pastoral theology, among many others. Since its first appearance in 1957, the ODCC has established itself as an essential resource for ordinands, clergy, and members of religious orders, and an invaluable tool for academics, teachers, and students of church history and theology, as well as for the general reader.

**Sound / image Nov 10 2021** An exciting new strand in The Television Series, the 'Moments in Television' collections

**celebrate the power and artistry of television, whilst interrogating key critical concepts in television scholarship. Each 'Moments' book is organised around a provocative binary theme. Sound / image reassesses the synergy between televisual images, and sounds and music, as a key creative interaction warranting closer attention. Through close scrutiny of visual and sonic elements, the book's chosen programmes are persuasively illuminated in new ways. The book explores an eclectic range of TV fictions, dramatic and comedic. Contributors from diverse perspectives come together to expand and enrich the kind of close analysis most commonly found in television aesthetics. Sustained, detailed programme analyses are sensitively framed within historical, technological, institutional, cultural, creative and art-historical contexts.**

**Main Street Dec 11 2021 Mindy Thompson Fullilove** traverses the central thoroughfares of our cities to uncover the ways they bring together our communities. After an 11-year study of Main Streets in 178 cities and 14 countries, Fullilove discovered the power of city centers to "help us name and solve our problems." In an era of compounding crises including racial injustice, climate change, and COVID-19, the ability to rely on the power of community is more important than ever. However, Fullilove describes how a pattern of disinvestment in inner-city neighborhoods has left Main Streets across the U.S. in disrepair, weakening our cities and leaving us vulnerable to catastrophe. In the face of urban renewal programs built in response to a supposed lack of "personal responsibility," Fullilove offers "a different story, that of a series of forced displacements that had devastating effects on inner-city communities. Through

that lens, we can appreciate the strength of segregated communities that managed to temper the ravages of racism through the Jim Crow era, and build political power and many kinds of wealth. . . . Only a very well-integrated, powerful community—one with deep spiritual principles—could have accomplished such a feat.” This is the power she hopes we will find again. Throughout Main Street, readers glimpse strong, vibrant communities who have conquered a variety of disasters, from the near loss of a beloved local business to the devastation of a hurricane. Using case studies to illustrate her findings, Fullilove turns our eyes to the cracks in city centers, the parts of the city that tend to be avoided or ignored.

Providing a framework for those who wish to see their communities revitalized, Fullilove’s Main Street encourages us all to look both inward and outward to find the assets that already exist to create meaningful change.

**The Cambridge History of the Gothic: Volume 1, Gothic in the Long Eighteenth Century** Oct 21 2022 This first volume of The Cambridge History of the Gothic provides a rigorous account of the Gothic in Western civilisation, from the Goths' sacking of Rome in 410 AD through to its manifestations in British and European culture of the long eighteenth century. Written by international cast of leading scholars, the chapters explore the interdisciplinary nature of the Gothic in the fields of history, literature, architecture and fine art. As much a cultural history of Gothic as an account of the ways in which the Gothic has participated within a number of formative historical events across time, the volume offers fresh perspectives on familiar themes while also drawing new critical attention to a range of hitherto overlooked

concerns. From writers such as Horace Walpole and Ann Radcliffe to eighteenth-century politics and theatre, the volume provides a thorough and engaging overview of early Gothic culture in Britain and beyond.

**Supranational Horrors Jan 20 2020** This book examines the parallels between Italian and Spanish horror cinemas including the cultural features they share, their ability to define distinct identities within the genre, and what the author terms 'Italian-Spanishness.'

***The Visual Life of Romantic Theater, 1780-1830* Mar 22 2020** *The Visual Life of Romantic Theater* examines the dynamism and vibrancy of stage spectacle and its impact in an era of momentous social upheaval and aesthetic change. Situating theatrical production as key to understanding visuality ca. 1780-1830, this book places the stage front and center in Romantic scholarship by re-envisioning traditional approaches to artistic and social creation in the period. How, it asks, did dramaturgy and stagecraft influence aesthetic and sociopolitical concerns? How does a focus on visuality expand our understanding of the historical experience of theatergoing? In what ways did stage performance converge with visual culture beyond the theater? How did extratheatrical genres engage with theatrical sight and spectacle? Finally, how does a focus on dramatic vision change the way we conceive of Romanticism itself? The volume's essays by emerging and established scholars provide exciting and suggestive answers to these questions, along with a more capacious conception of Romantic theater as a locus of visual culture that reached well beyond playhouse walls.

**Tracing the Trails in the Medieval World Nov 29 2020**

**Every human being knows that we are walking through life following trails, whether we are aware of them or not. Medieval poets, from the anonymous composer of Beowulf to Marie de France, Hartmann von Aue, Gottfried von Strassburg, and Guillaume de Lorris to Petrarch and Heinrich Kaufringer, predicated their works on the notion of the trail and elaborated on its epistemological function. We can grasp here an essential concept that determines much of medieval and early modern European literature and philosophy, addressing the direction which all protagonists pursue, as powerfully illustrated also by the anonymous poets of Herzog Ernst and Sir Gawain and the Green Knight. Dante's Divina Commedia, in fact, proves to be one of the most explicit poetic manifestations of the fundamental idea of the trail, but we find strong parallels also in powerful contemporary works such as Guillaume de Deguileville's Pèlerinage de la vie humaine and in many mystical tracts.**

**Women in Rock, Women in Romanticism May 16 2022**  
**Women in Rock, Women in Romanticism is the first book-length work to explore the interrelationships between contemporary female musicians and eighteenth- and nineteenth-century art, music, and literature by women and men. The music and videos of contemporary musicians including Erykah Badu, Beyoncé, The Carters, Hélène Cixous, Missy Elliot, the Indigo Girls, Janet Jackson, Janis Joplin (and Big Brother and the Holding Company), Natalie Merchant, Joni Mitchell, Janelle Monáe, Alanis Morissette, Siouxsie Sioux, Patti Smith, St. Vincent (Annie Clark), and Alice Walker are explored through the lenses of pastoral and Afropresentism, Gothic, female Gothic, and the literature of William Blake,**

**Beethoven, Arthur Schopenhauer, Samuel Taylor Coleridge, Charlotte Dacre, Ralph Waldo Emerson, E.T.A. Hoffmann, Ann Radcliffe, William Shakespeare, Mary Shelley, her husband Percy Shelley, Henry David Thoreau, Horace Walpole, Jane Williams, Mary Wollstonecraft, and William Wordsworth to explore how each sheds light on the other, and how women have appropriated, responded to, and been inspired by the work of authors from previous centuries.**
