"A beautiful, generous, fun collaboration of story and illustration and pirate tattoos. Seriously wise pirate advice for everyone." - Jon Scieszka, National Ambassador for Young People's Literature

to begin. Luckily, she suspects her grandpa must know something about being a pirate--why else would he have all those tattoos? As he shares each tattoo, Grandpa and CeCe are transported from adventure to adventure, and CeCe discovers that there are all kinds of ways to be a pirate--Be BRAVE! Be QUICK! Be INDEPENDENT! And FUN!--and most of all, whether you're a pirate or not, the most important thing you can do is to BELIEVE IN YOURSELF. This heartwarming and imaginative story from Isaac Fitzgerald and bestselling illustrator Brigitte Barrager is a vibrant, joyful expression of what it means to be all kinds of wonderful things . . . including a pirate. Krauss's depictions of the nuances of sex and love, intimacy and dependence, call to mind the work of Natalia Ginzburg in their psychological profundity, their intellectual rigor. . . . Krauss's stories capture characters at moments in their lives when they're hungry for experience and open to possibilities, and that openness extends to the stories themselves: narratives too urgent and alive for neat plotlines, simplistic resolutions or easy answers." —Molly Antopol, New York Times Book Review "From a contemporary master, an astounding collection of ten globetrotting stories, each one a powerful dissection of the thorny connections between men and women. . . . Each story is masterfully crafted and deeply contemplative, barreling toward a shimmering, inevitable conclusion, proving once again that Krauss is one of our most formidable talents in fiction." —Esquire In one of her strongest works of fiction yet, Nicole Krauss plunges fearlessly into the struggle to understand what it is to be a man and what it is to be a woman, and the arising tensions that have

existed from the very beginning of time. Set in our contemporary moment, and moving across the globe from Switzerland, Japan, and New York City to Tel Aviv, Los Angeles, and South America, the stories in *To Be a Man* feature male characters as fathers, lovers, friends, children, seducers, and even a lost husband who may never have been a husband at all. The way these stories mirror one other and resonate is beautiful, with a balance so finely tuned that the book almost feels like a novel. Echoes ring through stages of life: aging parents and new-born babies; young women's coming of age and the newfound, somewhat bewildering sexual power that accompanies it; generational gaps and unexpected deliveries of strange new leases on life; mystery and wonder at a life lived or a future waiting to unfold. *To Be a Man* illuminates with a fierce, unwavering light the forces driving human existence: sex, power, violence, passion, self-discovery, growing older. Profound, poignant, and brilliant, Krauss's stories are at once startling and deeply moving, but always revealing of all-too-human weakness and strength. A lyrical, gorgeously illustrated look at the majesty of trees—and what humans can learn from them. Stand tall. Stretch your branches to the sun. Be a tree! We are all like trees: our spines, trunks; our skin, bark; our hearts giving us strength and support, like heartwood. We are fueled by air and sun. And, like humans, trees are social. They "talk" to spread information; they share food and resources. They shelter and take care of one another. They are stronger together. In this gorgeous and poetic celebration of one of nature's greatest creations, acclaimed author Maria Gianferrari and illustrator Felicita Sala both compare us to the beauty and majesty of trees—and gently share the ways in which trees can inspire us to be better people. *Be a Hero* challenges the Body of Christ to be enlisted in the battle for mercy and social justice. It opens with God's interaction in the affairs of men and His plan to redeem the 'invisible' people through justice, mercy and compassion. Setting the stage theologically, the authors then unveils the great exploits

of those who have gone before us and the impact that they made in their own times and on their own culture. Practical steps are offered to the reader to empower them to make a difference in their world. Pastor and author Martin Thielen has compiled a list of ten things people need to believe, and ten things they don't, in order to be a Christian. This lively and engaging book will be a help to seekers as well as a comfort to believers who may find themselves questioning some of the assumptions they grew up with. With an accessible, storytelling style that's grounded in solid biblical scholarship, Thielen shows how Christians don't need to believe that sinners will be "left behind" to burn in hell or that it's heresy to believe in evolution. And while we must always take the Bible seriously, we don't always have to take it literally. At the same time, Christians do need to believe in Jesus--his life, his teachings, his death and resurrection, and his vision for the world. A great benefit of those beliefs is that they provide promising answers to life's most profound questions, including: Where is God? What matters most? What brings fulfillment? What about suffering? Is there hope? Thielen articulates centrist, mainline Christianity in a way that's fresh and easy to understand, and offers authentic Christian insights that speak to our deepest needs. This new edition includes a leader's guide, previously only available online, and a new introduction from the author that reflects on the book's reception. The leader's guide features unique and easily implemented aids for carrying out a seven-week, congregation-wide initiative that will help local churches reach out to their communities. More information is available at thielen.wjkbooks.com. *How to be a Nurse or Midwife Leader* is an indispensable guide for all nurses and midwives who wish to develop and improve their practice as leaders. The hit book about a willful young frog with a serious identity crisis and his heard-it-all-before father. Perfect for fans of Mo Willems's Don't Let the Pigeon Drive the Bus! and Jon Klassen's I Want My Hat Back! Frog wants to be anything but a slimy, wet frog. A cat, perhaps. Or a rabbit. An owl? But when a hungry wolf arrives—a wolf who HATES eating frogs—our hero decides that being himself isn't so bad after all. In this very silly story with a sly message, told in hilarious dialogue between a feisty young frog and his heard-it-all-before father, young readers will identify with little Frog's desire to be something different, while laughing along at his stubborn yet endearing schemes to prove himself right. And look for the hilarious sequels—I Don't Want to Be Big, There's Nothing to Do!, and I Don't Want to Go to Sleep. □ "First-time author Petty's dialogue between a frog father and his son makes its point about accepting one's nature with a big grin. . . . The story might create similar gratitude in the minds of readers—or it might just make them giggle."—Publishers Weekly, STARRED REVIEW "A lively look at self-acceptance."—Kirkus Reviews "This amusing story ends with a laugh and a much more content frog."—School Library Journal "Silliness and deadpan humor combine into a hopping good story of being happy with who you are."—Booklist "A paean to self-acceptance wrapped in snappy dialogue and illustrated with richly colored comic paintings."—Wall Street Journal "Petty and Boldt provide just enough predictability to hook youngest readers, then deliver a delightful twist or two to create surprise and satisfaction—for both the green hero and the many fans he'll make with this

book."—Shelf Awareness "This lighthearted exploration of identity will delight as a readaloud."—The Bulletin of the Center for Children's Books NEW YORK TIMES BESTSELLER • ECPA BESTSELLER • "When it comes to the intersection of race, privilege, justice, and the church, Tasha is without question my best teacher. Be the Bridge is THE tool I wish to put in every set of hands."—Jen Hatmaker WINNER OF THE CHRISTIAN BOOK AWARD® • Winner of the Christianity Today Book Award • A leading advocate for racial reconciliation calls Christians to move toward deeper understanding in the midst of a divisive culture. In an era where we seem to be increasingly divided along racial lines, many are hesitant to step into the gap, fearful of saying or doing the wrong thing. At times the silence, particularly within the church, seems deafening. But change begins with an honest conversation among a group of Christians willing to give a voice to unspoken hurts, hidden fears, and mounting tensions. These ongoing dialogues have formed the foundation of a global movement called Be the Bridge—a nonprofit organization whose goal is to equip the church to have a distinctive and transformative response to racism and racial division. In this perspective-shifting book, founder Latasha Morrison shows how you can participate in this incredible work and replicate it in your own community. With conviction and grace, she examines the historical complexities of racism. She expertly applies biblical principles, such as lamentation, confession, and forgiveness, to lay the framework for restoration. Along with prayers, discussion questions, and other resources to enhance group engagement, Be the Bridge presents a compelling vision of what it means for every follower of Jesus to become a bridge builder—committed to pursuing justice and racial unity in light of the gospel. Eileen Garvin's older sister, Margaret, was diagnosed with severe autism at age three. Growing up alongside Margaret wasn't easy: Eileen often found herself in situations that were simultaneously awkward, hilarious, and heartbreaking. For example, losing a

blue plastic hairbrush could leave Margaret inconsolable for hours, and a quiet Sunday Mass might provoke an outburst of laughter, swearing, or dancing. *How to Be a Sister* begins when Eileen, after several years in New Mexico, has just moved back to the Pacific Northwest, where she grew up. Being 1,600 miles away had allowed Eileen to avoid the question that has dogged her since birth: What is she going to do about Margaret? Now, Eileen must grapple with this question once again as she tentatively tries to reconnect with Margaret. How can she have a relationship with someone who can't drive, send email, or telephone? What role will Eileen play in Margaret's life as their parents age, and after they die? Will she remain in Margaret's life, or walk away? A deeply felt, impeccably written memoir, *How to Be a Sister* will speak to siblings, parents, friends, and teachers of people with autism—and to anyone who sometimes struggles to connect with someone difficult or different. Years ago, somewhere on the Internet, I posted a few dumb drawings making fun of my own anxiety and depression. The response to them was warmer than anticipated, and people kept asking for more. Blending humor with pure depression seemed to strike a chord with a decent amount of people. So I kept going, and after about three years of drawing, I had enough dumb drawings for a book. Mental health is a serious thing, and it gets heavier when humans don't talk about it outwardly. I bottled up feelings for many years. Feelings I considered "dark", "weak", "downhearted", "embarrassing", "shameful" or any number of self-deprecating words. But after saying (or drawing) them out loud to people, all that weight went away and I realized it was normal to feel these feelings. Humor has always been a primary mode of therapy for me. I still make fun of my own anxiety and "depresh" as catharsis. I sing about it on tour, talk about it on my podcast, and draw pictures of it here in this book. Putting my formerly-private-feelings out into the world has been tremendous therapy for me, and I wish I would've done it sooner. Over the span of many years, I've been illustrating the "hacks", "strategies", or "exercises" that have worked best for me in combating the struggles in my head. More than anything I want this book to be useful for people. I'm not a doctor, just a person who spends too much time in my head. The objective of *It's Hard to Be a Person* is not to give unsolicited advice, but to hopefully save you some headaches on the long n' winding road of life in your brain. *How to Be a Moonflower*, the new book from bestselling author Katie Daisy, celebrates the magic and mystery of the world at night. With a biting, satirical style reminiscent of *The Onion*, *How to Be a Perfect Christian* takes a humorous look at the quirks of cultural Christianity while subtly challenging the reader to search for more than a cultural faith. Written in the trademark style of *The Babylon Bee*, this book humorously satirizes cultural Christianity while peppering in subtle challenges to the reader. Through humor and sarcasm (and a handy meter to rank your "holiness" as you progress through the book), readers will be called to find a more biblical understanding of the Christian faith, all while poking fun at the quirks of the modern, American Christian community.

other words be a force! The technology of video games has progressed a great deal since the creation of the first video game systems. An example of an earlier video game would be Pong. In this game two players would control simple lines that could only go up or down on the screen. These lines were controlled by paddles and the point of the game was to hit the bouncing ball and make your opponent miss it. The video games of today are much more advanced than that. They offer multiple genres of games that are sure to meet the interests of almost any person. Most of them can also be played online which offers an entire new experience in itself. Some people may not take the profession of video game testing as a serious career. Video game testing is actually quite important in the development of a game, some would argue that they are just as important as the programmers. The main job of a game tester is to go through a game, level by level, scene by scene, and make sure that everything is working correctly and that the game is functioning up to par. You will need some knowledge in programming and you will need an eye that pays very close attention to detail. In most cases, the difference between a top seller and a game that does not do well at all is attention to detail. Let Us Know What You Think! Microbiologists do the opposite: think small, so small they can

only see it with a microscope. Readers learn that though microbiologists study the smallest organisms on Earth, they ask big questions about life processes, like sickness and health, and everyday questions, such as how bread is made. Including the schooling, training, and daily tasks of these incredible scientists, the main content also covers information readers will encounter in the science classroom, such as how bacteria grow, methods for experiments, and perhaps how to bake a better loaf of bread.

Transhumanism is a movement pushing the limits of our biology—of our senses, intelligence, and lifespans—with technology. Its supporters have reached a critical mass and now include some of the biggest names in Silicon Valley and beyond, among them Peter Thiel, Elon Musk, and Ray Kurzweil. In this provocative and eye-opening account, journalist Mark O'Connell explores the staggering (and terrifying) possibilities that present themselves when you think of your body as an outmoded device. He visits the world's foremost cryonics facility to witness how some have chosen to forestall death, discovers an underground collective of biohackers boosting their senses by implanting electronics under their skin, and meets with members of a team urgently investigating how to protect mankind from rogue artificial superintelligence. In investigating what it means to be a machine, O'Connell shines a light on our ancient desire to transcend the animal condition—and offers a surprising meditation on what it means to be human. Most golfers who want to improve their skills go to the range and work painstakingly on their swings, not realizing it's often their performance state on the course that needs work, not their technique. The bird book for birders and nonbirders alike that will excite and inspire by providing a new and deeper understanding of what common, mostly backyard, birds are doing—and why: "Can birds smell?"; "Is this the same cardinal that was at my feeder last year?"; "Do robins 'hear' worms?" "The book's beauty mirrors the beauty of birds it describes so marvelously." —NPR In What It's Like to Be a Bird, David Sibley answers the most frequently asked questions about the birds we see most often. This special, large-format volume is geared as much to nonbirders as it is to the out-and-out obsessed, covering more than two hundred species and including more than 330 new illustrations by the author. While its focus is on familiar backyard birds—blue jays, nuthatches, chickadees—it also examines certain species that can be fairly easily observed, such as the seashore-dwelling

Atlantic puffin. David Sibley's exacting artwork and wide-ranging expertise bring observed behaviors vividly to life. (For most species, the primary illustration is reproduced life-sized.) And while the text is aimed at adults—including fascinating new scientific research on the myriad ways birds have adapted to environmental changes—it is nontechnical, making it the perfect occasion for parents and grandparents to share their love of birds with young children, who will delight in the big, full-color illustrations of birds in action. Unlike any other book he has written, *What It's Like to Be a Bird* is poised to bring a whole new audience to David Sibley's world of birds. Appealing, rhyming story that celebrates making in many forms.
